

Head up, nothing gonna take me down
Stand up every time I hit the ground
Feel the pressure building inside my bones
It feeds my body, it's liquid gold

Let go, let loose
Let go, let loose, hey, hey
Let go, let loose
The time has come and

Ain't no wrong get a little bit wild
Ain't no wrong get a little bit wild
Ain't no wrong get a little bit wild

Rise up, fire in the ashes now
Breath in, nothing gonna take me now
If the sky is open then let me fall
Let heaven carry me to kingdom come

Let go, let loose
Let go, let loose, hey, hey
Let go, let loose
The time has come and

Ain't no wrong get a little bit wild
Ain't no wrong get a little bit wild
Ain't no wrong get a little bit wild

Ain't no wrong get a little bit wild
Ain't no wrong get a little bit wild
