Interstate Vision

Lomelda

Wrap your arms around me
I'll be still
If it means nothing I could give it up
And then give it all again

Interstates are not what I want
Headlights scare me into visions
I saw an angel fly on bright white wings
Guiding me home

Can you feel me now?
Do you know me yet?
Can you feel me now?
Do you know me yet?

Call me back on Saturday when I'll be done
Looking out for it is all I do
Did you know it 'cause we're older now?
We were young, oh, I was so young

Still I sit with you in parking lots
Acting like I'm not falling for it
Still I sit with you in parking lots
Acting like I'm not falling for it
Still I sit with you

Can you feel me now?
Do you know me yet? Ohh
Can you feel me now?
Do you know me yet?

I saw a meteor burn through the sky
