

Helpless

London Boys

Dancing!

H, h , h, helpless

I need you girl forever any day by my side

I, I'm gonna loose this strip one day

I'm walking the shadows till the break of a day

I'm still so in love, in love with my baby

But honey

I, I!

I was the only one that didn't know

Now my heart is broken

And it starts to show

I'm losing your love

The love of my baby

Helpless, guilty, lost in this confusion

Helpless, guilty, don't know what I'm doing

Hungry for your loving, and I feel dead inside

I'm dizzy out of love, you see

Helpless, guilty, lost in this confusion

Helpless, guilty, don't know what I'm doing

I need you girl forever any day by my side

I, I!

I thought you'll be my destiny

Cause I'm diving deep, my baby can't you see

Step falling in love, in love with my baby

But honey you, you packed your bags and then you went away

But I will live to get you back someday

I still need your love, the love of my baby

Helpless, guilty, lost in this confusion

Helpless, guilty, don't know what I'm doing

Hungry for your loving, and I feel dead inside

I'm dizzy out of love, you see

Helpless, guilty, lost in this confusion

Helpless, guilty, don't know what I'm doing

I need you girl forever anyday by my side

Dizzy!

H, h, h, Helpless!

I'm guilty! I'm helpless! (4x)

I need you girl forever any day by my side

Helpless, guilty, lost in this confusion

Helpless, guilty, don't know what I'm doing

Hungry for your loving, and I feel dead inside

I'm dizzy out of love, you see

Helpless, guilty, lost in this confusion

Helpless, guilty, don't know what I'm doing

I need you girl forever anyday by my side

Helpless, guilty, lost in this confusion
Helpless, guilty, don't know what I'm doing
Hungry for your loving, and I feel dead inside
I'm dizzy out of love, you see
