

Talk! Talk! Talk!

London Boys

Never, ever never got you off my mind
Never getting over
It's just a waste of time

...

A moment by your side
Why don't you come on home?

... takes you higher
... out of sight

...

Love can make you blind
But now I'm standing here
...rainbows dissapeare
Why don't you come on home?

Talk! Talk! Talk!
I hear you laughing at me
Why do you look the other way?

...

It's just another rainy day
Why do you
Walk! Walk! Walk!
Why do you walk out on me?
Don't let my teardrops get in the way
...today

Teardrops in the ocean
...
Love is a magic potion
It kills you with delight
When all your hope is gone
Keeps you hanging on and on
Why don't you come on home?

All across the nation
...
Lost communication, only SOS
I'm calling you tonight
...

Talk! Talk! Talk!
I hear you laughing at me
Why do you look the other way?
...
It's just another rainy day
Why do you
Walk! Walk! Walk!
Why do you walk out on me?
Don't let my tears get in the way
...today
