

## Open Fire

Lonewolf

Crawling through hell, we'll crawl back  
And we'll return with the demon's head

Those who won't die will be stronger  
We raise our banners with pride and honor

We hail the gods, almighty lords!

(Open fire!) We will burn 'em down  
(Fire!) To the ground  
(Fire!) We will burn 'em down  
(Fire!) To the ground

Many will die, cause evil is strong  
We won't return until the mission is done

Faith in believes, force of our will  
We've got faith in justice and freedom

We hail the gods, almighty lords!

(Open fire!) We will burn 'em down  
(Fire!) To the ground  
(Fire!) We will burn 'em down  
(Fire!) To the ground

(Open fire!) We will burn 'em down  
(Fire!) To the ground  
(Fire!) We will burn 'em down  
(Fire!) To the ground...
