

Before You Disappear

Longwave

When the storm comes I wake you up
To go into the night
Black bubbles that pool in the rubble
And a face that looks just like

Somebody you know
Somebody you know
In body and soul
In body and soul

All the secret sides you keep
And some crawl between the cracks
Dark closets sitting in the shadows
Like devils at your back

I won't let you go
I won't let you go
I won't let you go
I won't let you go

All the secret sides you keep

And all your love between the cracks
Dark closets sitting in the shadows
Like devils at your back

I won't let you go
I won't let you go
I won't let you go
Before you disappear
Before you go without a trace
Before you lose something
That you can't replace

I won't let you go
I won't let you go
I won't let you go

I won't let you go
I won't let you go
I won't let you go
