

## Mr. Johnson Swing

Lonnie Johnson

Want all of you people to listen : while my guitar sings  
If you ain't got that rhythm : it don't mean a thing

Some people thinks I'm dead : because I've been gone so  
long  
I just stop to see : would you miss me from singing these  
lonesome songs

I want all you people to listen : while I swing this song  
If you were born with that rhythm : honest you can't  
never go wrong
