

## It's Alright

## Loona

Last night I woke up  
Felt so alone and  
Looked around  
Trying to find you  
Then I realized  
You weren't there  
You went to have some fun  
Without me

I used to worried all night long  
Bout you  
I find for real  
Love that's feeling oh so strong  
No, nothing can come between

It's alright  
To have you by my side  
I know this love will be forever  
It's alright  
To have you by my side  
I know this love will be forever  
It's alright  
To have you by my side  
I know this love will be forever  
It's alright  
To have you by my side  
I know this love will be forever

The feeling that you give me  
When you touch my body  
Oh it feels like I'm in heaven  
No matter what will happen  
I am sure  
We'll always stay together

I used to worried all night long  
Bout you  
I find for real  
Love that's feeling oh so strong  
No, nothing can come between

It's alright  
To have you by my side  
I know this love will be forever  
It's alright  
To have you by my side  
I know this love will be forever  
It's alright  
To have you by my side  
I know this love will be forever  
It's alright  
To have you by my side  
I know this love will be forever
