I don't really care now

The moonlight that shines on me is my spotlight
Slowly, it follows me, contact my heart
Oh oh oh oh oh oh oh oh oh
My heart pounds even more today

Maybe it's a show for me
Feels like I dream I don't wanna wake up from
Oh oh oh oh oh oh oh oh oh
Fly me to the moon now

Fantasy, like I'm bewitched
OMG, the melody spins around
The moment it spreads in my ears
I don't really care now

The milky way wraps around me (I'm not insane)
The song of the transparent moonlight
I don't really care now
Will you reveal the hidden secret in my heart?
The spilling light
I don't really care now

The shower of stars
Is unstoppable
It drenches me slowly
Oh oh oh oh oh oh oh oh oh
Falling to the moon now

Harmony, deep in my head
It endlessly spins
The moment it reaches my lips
I don't really care now

The milky way wraps around me (I'm not insane)
The song of the transparent moonlight
I don't really care now
Will you reveal the hidden secret in my heart?
The spilling light
I don't really care now

The moonlight that shines on me is my spotlight
Slowly, it follows me, contact my heart
Oh oh oh oh oh oh oh oh oh
Oh oh oh oh oh oh oh oh oh
The familiar deja vu of a night I don't remember
The moment it rises up into my eyes
I don't really care now

Three moons rise (I'm not insane)
Between the frozen time
I don't really care now
Will you take out your hidden secret from your heart?
It's an endless night of celebration
I don't really care now
