do it to me one
Just one more time
Oh Baby letr's get down tonight
Everybody dance and feel allright
Rhythm of the night
Do it to me one
Just one more time
Oh Baby letr's get down tonight
Everybody dance and feel allright
Rhythm of the night

Werre running out of time
Another day in paradise so come on...
And nothing is forbidden
There's no one who can stop us tonight...give me your love

Do it to me one Just one more time Oh Baby letr's get down tonight Everybody dance and feel allright Rhythm of the night

Do it to me one Just one more time Oh Baby letr's get down tonight Everybody dance and feel allright Rhythm of the night

I am lost in a dream
Canrt believe that itrs real
Itrs never knew. It excist
Yourre the one for me
Itrs the rhythm of the night
It will catch you any time
Give me once give me twice
Your love

I can see it in your eyes
But there's no time for foolish bright
no come on...
If you wanna feel the sun
Than just hang on to this love deep inside
Inside your heart

Do it to me one
Just one more time
Oh Baby letr's get down tonight
Everybody dance and feel allright
Rhythm of the night

Do it to me one Just one more time Oh Baby letrs get down tonight Everybody dance and feel allright Rhythm of the night

And my love is in a dream
