## Looptroop

Yo, 'Preme spar with my brothers  
And as far as I understand we are where we at 'cus we  
motivated  
Overrated talent don't focus and balance their bullshit  
with binniz  
We blue collar rap, we holler back as soon we finished  
the track,  
Or finished the tour when I'm abroad you don't worry  
about these broads  
When I'm bored I just pick up and call  
And it's like you plug me in the socket, my energy sky  
rocket!  
Feeling lovely when my pocket go (beep beep)  
And buzz, there's a message on my phone saying:  
I got my fingers crossed - you got support from back  
home  
I just hope I could return what I get  
This woman earn my respect and we can learn how to set  
aside quality time  
I'ma call it a day I'm on my way to the pad, cook you  
dinner  
Know you had a hard time at work and need a little pep  
talk  
That's what I'm here for, baby let's walk...

'Cus you're my...  
Sparkplug, love!  
I'm boosted up on your love, love!  
So much stronger with you in my life  
Got more to lose - but more to fight for  
When I step out the door  
I wanna be your sparkplug, love!  
Let me boost you up on my love, love!

Come on and light me up  
Come on excite me up  
Hello world, what's going on today?  
Gotta write more stuff  
Embee vibe it up - so we can spice it up  
Provide that good shit for the troop to keep rising up  
My girl she said to me:  
I think that it's meant to be  
For you and me to be together till infinity  
And I can't disagree - 'cus that's how it should be  
Eternal love cycle to give and is the recipe  
And that is why - I can feel the butterflies  
And I'm feeding off your energy  
That is beaming from your eyes  
And I'm on a natural high - better call me the man on  
fire  
Ready to go so fill up the gas and drive 'cus you're  
my...

Baby you needle to the wax - pushin' my cd in the box  
Colorin' my gray back when graffiti used to rock my  
world  
My girl music playing, music weighting a ton  
their uzi sprayin' the rays of your sun is waking me up  
breaking me off a proper chunk of your breakfast  
Taking it off I'm like...  
Makin' me hard in more ways than an erection  
Girl when you're naked you're curlin' my neck hair in  
less than a second  
Now I can feel the electricity - listen isn't it  
wizardry, magnetism revisited  
Buildin' me up when the world is fallin' down  
You fillin' my cup - listen up world I'm callin' out to  
my...
