

Cheap Talk

Loose Ends

There
Ain't much time
And I hoped you would know
Though I tried, so hard
But it ain't no use baby, you just hear me

Talk, goes round and round (telling lies on me)
Cheap, cheap talk, goes round and round (round, and round, and round)
Cheap, cheap talk, goes round and round (up and down, and upside the head)
Cheap, cheap talk, goes round and round

Love has no meaning
Without you trusting me
There's no doubt in my mind
Love ain't what it used to be, you just hear me

Talk, goes round and round (telling lies on me)
Cheap, cheap talk, goes round and round (round and round and round)
Cheap, cheap talk, goes round and round (up and down)
Cheap, cheap talk, goes round and round
Talk, goes round and round
Cheap, cheap talk, goes round and round (round and round, telling lies on me)
Cheap, cheap talk, goes round and round (your friends, I heard, telling lies on me)
Cheap, cheap talk, goes round and round

Keep it tight, when you lie on me
I want you to keep it tight, when you walk, when you walkin'
I want you to keep it tight, when you're talking to your extra nosy friends
Oh baby, don't talk about me

Talk, goes round and round
Cheap, cheap talk, goes round and round
Cheap, cheap talk, goes round and round
Cheap, cheap talk, goes round and round
