

Magic Touch

Loose Ends

Ooh I like your magic touch
How I like your feel so much
Ooh I like your magic
Just a little tragic
Ooh I like your magic touch

Whatever you do you're always doing it right
(I like your feel baby)
But when I'm with you there's always a fuss or a fight
(Don't put me down)
Although you're trying to put me down
Your disguise is not to my surprise no
Why don't you stop playing around
You're some kind of wild guy

Ooh I like your magic touch
How I like your feel so much
Ooh I like your magic
Just a little tragic
Ooh I like your magic touch
(Your touch, your touch, your touch)

Maybe you're thinking that I'm trying change your plans
(You're just playing macho man)
But don't get sold on the idea that I'm just a fan
(Oh this is true, love I'm giving)
Never ever let me down
'Cause you're all I ever want around here
Your love means so much to me
A little magic is all I need

Ooh I like your magic touch
How I like your feel so much
Ooh I like your magic
Just a little tragic
Ooh I like your magic touch

It seems to me
The road is hard to see
You've got nothing to prove
You've got to make that careful move
I look in your eyes
Look in your eyes
And I see many guys
What I'll know in time
Is if the magic is yours not mine

Ooh I like your magic touch
How I like your feel so much
(Ooh I like your magic touch)
Ooh I like your magic
Just a little tragic
(Touching, he's touching me baby)
Ooh I like your magic touch
Come on now
Ooh I like your magic touch
(Magic touch)

How I like your feel so much
Ooh I like your magic
Just a little tragic
Ooh I like your magic touch
Ooh I like your magic touch
How I like your feel so much
Ooh I like your magic
Just a little tragic
Ooh I like your magic touch
