

## IDK Single

Loot

I don't know how to be single  
I don't like talking to people  
I love myself now that you're gone, you're gone  
I don't know how to be single

I hit up a buddy in SoHo and people I don't know  
Start a new fall with someone new  
Somebody who isn't you  
And even the drugs on sounds like a love song  
When you're with someone and I miss you  
I'm missing, I'm missing you

And all my friends, friends are going home with someone  
Here I am talking to myself, no one else, damn

I don't know how to be single  
I don't like talking to people  
I love myself now that you're gone, you're gone  
I don't know how to be single

I'm in a room full of people talking to myself  
Hoping they can't tell that I don't wanna be here  
I don't wanna be here  
I thought I'd be better in two weeks  
But you got me fucked up  
Talking to someone who kinda looks like you, mm  
She gave me her number but I'm not gonna call her  
I thought I'd feel different if I'm being honest

And all my friends, friends are going home with someone

I don't know how to be single  
I don't like talking to people  
I love myself now that you're gone, you're gone  
I don't know how to be single

I don't like going to parties  
If I can't have my hands on your body, ooh  
I love myself now that you're gone, you're gone  
I don't know how to be single

She gave me her number but I'm not gonna call her  
I thought I'd feel different if I'm being honest  
She gave me her number but I'm not gonna call her  
I thought I'd feel different if I'm being honest  
I don't know how to be single, damn
