Somebody Else

Loote

You didn't want me 'til I wanted somebody else
Want me 'til I wanted somebody else
Didn't want me 'til I wanted somebody else
'Til I wanted somebody else
Didn't see me the way I was seeing myself
Last night you saw me with somebody else
You're a little too late and it hurts like hell
'Til I wanted somebody

I drove home from your place
My heart broke the whole way
Promised myself back then
I'll never let you back in
You've got a sixth sense and
I know you can tell when
Someone made me happy
Someone made me happy

But maybe all I needed was to give you space
I walked away and you came running back to me

You didn't want me 'til I wanted somebody else
Want me 'til I wanted somebody else
Didn't want me 'til I wanted somebody else
'Til I wanted somebody else
Didn't see me the way I was seeing myself
Last night you saw me with somebody else
You're a little too late and it hurts like hell
'Til I wanted somebody

(You wanted me, you wanted me)
Oh, you wanted me
(You wanted me, you wanted me)
Oh, you wanted me
(You're a little too late and it hurts like hell)
'Til I wanted somebody

I got cuts and bruises left over from you and
Just when I forget 'em
You're pulling me back in
And isn't it strange, see me out in the same place
I'm with a new face now?
Order the same drinks, said all the same things
That made me fall for you

But maybe all I needed was to give you space
I walked away and you came running back to me

You didn't want me 'til I wanted somebody else
Want me 'til I wanted somebody else
Didn't want me 'til I wanted somebody else
'Til I wanted somebody else
Didn't see me the way I was seeing myself
Last night you saw me with somebody else
You're a little too late and it hurts like hell
'Til I wanted somebody else

(You wanted me, you wanted me)
Oh, you wanted me
(You wanted me, you wanted me)
Oh, you wanted me
(You're a little too late and it hurts like hell)
(You wanted me, you wanted me)
Oh, no, no, no, no, no
(You wanted me, you wanted me)
'Til I wanted somebody else
(You wanted me, you wanted me)
Oh, with somebody
(You wanted me, you wanted me)
Oh, with somebody
(You wanted me, you wanted me)
Oh, with somebody else
Never wanted me, never wanted me
(You wanted me, you wanted me)
'Til I wanted somebody else
