

## Nothing I Need

Lord Huron

I fell asleep, and when I woke up, I was old  
I said goodbye to my youth, and my blood ran cold  
I've got a feeling I just had to get away  
I left it all behind on an endless road  
But I see her face everywhere I go

I got everything I want, and I got nothing that I need  
I got everything I want, and I got nothing that I need

I fell asleep, and when I woke up, she was there  
With her long black hair and her ice-cold stare  
She made me wish that I had never let her go  
I threw away our love on the goddamn road  
But I see her face everywhere I go

I fell in deep when you fell out of love with me  
Now I got everything I want, and I got nothing that I need  
If I believe, will you fall back in love with me?  
Now I got everything I want, and I got nothing that I need  
I got everything I want, and I got nothing that I need

I threw away my life on a goddamn road  
But I see her face everywhere I go  
I threw away our love on the goddamn road  
And I see her face everywhere I go

I fell in deep when you fell out of love with me  
Now I got everything I want, and I got nothing that I need  
Just say the word, and I will change the life I lead  
And I will push away the world just to keep you close to me  
I'd give up everything I've got just to have what used to be  
You're the one I'll never get, and you're the one thing that I  
need

I threw away my love on a goddamn road  
But I see her face everywhere I go
