

What Do It Mean

Lord Huron

So much to say, but my words mean nothing
A life spent talking when my epitaph would do
Wasting my days with my mind on the future
And my past like a chain that won't ever let me go
Where would I go, and would a lone soul miss me?
If I leave in the night I'll only be running
With the weight of the world at the tips of my fingers
A long lost soul in the wilderness alone

All of the joy I've known
The ways I've grown
The loves I've shown my heart to
I'm gonna get it together and live forever
And live forever

Day after day, oh, the world keeps turning
The stars in the sky above us keep burnin'
But it isn't for you, and it ain't for me neither
Try though I might, I was never a believer
Taking it slow, but it all goes quickly
The time that it takes is all I'll take with me
So, I'm saving it up just to go out and spend it
Gonna fly through my life till I crash into the ending

All of the joy I've known
The ways I've grown
The loves I've shown my heart to
I'm gonna get it together and live forever
I'll make a deal with the devil and live forever, and I don't think, why?
I don't know why

What does it mean if it all means nothing?
What does it mean if it all means nothing?
What does it mean if it all means nothing?
What does it mean if it all means nothing?
What does it mean if it all means nothing?
What does it mean if it all means nothing?
(What does it mean if it all means nothing?)
