

# Digging Deeper

Lord Of The Lost

I'm digging in deeper  
I'm digging deeper  
I'm pushing it further  
I'm digging in deeper  
I'm digging deeper  
I will survive

When no reason's left to stay  
And no prayer's left to pray  
Hot tears turning into haze  
The once loving heart decays

Oh, deep down cold remains

I'm digging in deeper  
I'm digging deeper  
I'm pushing it further  
I'm gonna feel alive  
I'm digging in deeper  
I'm digging deeper  
I will survive

When thoughts pour into a flood  
And pierce needles through your brain  
When we're running out of blood  
But you still can't feel the pain

When your soul sees in chains  
Oh, deep down cold remains

I'm digging in deeper  
I'm digging deeper  
I'm pushing it further  
I'm gonna feel alive  
I'm digging in deeper  
I'm digging deeper  
I will survive

(Digging in deeper, digging in deeper)  
(Digging in deeper) I'm digging in deeper  
(Digging in deeper, digging in deeper)  
(Digging in deeper) I'm digging in deeper  
(Digging in deeper, digging in deeper)  
(Digging in deeper) I'm digging in deeper  
(Digging in deeper, digging in deeper)

I'm digging in deeper  
I'm digging deeper  
I'm pushing it further

I'm digging in deeper  
I'm digging deeper  
I'm pushing it further  
I'm gonna feel alive  
I'm digging in deeper  
I'm digging deeper  
I will survive

I'm digging in deeper  
I'm digging deeper  
I'm pushing it further  
I'm pushing it further  
I'm digging in deeper  
I'm digging in deeper  
I will survive
