

# Dreams Are Never Alone

Lord Of The Lost

Suffocating void  
Cold and cruel  
Twisted constellations  
A cosmic fuel  
Deep in the abyss  
Where shadows grow  
A breaking symmetry

Mourning stars  
Veiled in agony  
Eternally  
Numb from the night  
Coming up for air  
Glimmers of despair  
In voidness they lie  
In blankness they thrive  
In coldness they die

Twinkle twinkle, brittle stars  
In this twisted realm you are  
Lost above the world so high  
Like black holes in the sky  
You and me on our own  
But dreams are never alone

In the celestial sea  
I throw a cry  
For the day when stars reply  
Dreams not reality  
Even when you leave  
They flow and flow  
In this place that we both know

Twinkle twinkle, brittle stars  
In this twisted realm you are  
Lost above the world so high  
Like black holes in the sky  
You and me on our own  
But dreams are never alone

In the doom, only sorrows bloom  
And soon see flowers in the gloom  
Reflections so pale  
And images fade  
My love, it's too late  
In silence, we won't be together

Twinkle twinkle, brittle stars  
In this twisted realm you are  
Lost above the world so high  
Like black holes in the sky  
You and me on our own  
But dreams are never alone

Dreams  
Are never alone  
Alone
