

For They Know Not What They Do

Lord Of The Lost

Father, forgive them
For they know not what they do
Father, forgive them
For they know not what they do
Father, forgive them
For they know not what they do

Love, forgive them
They don't know that you were given, no
Love, forgive them
They'll never escape this prison, no

Hold on to us

Father, forgive them
For they know not what they do
Father, forgive them
For they know not what they do

Love, forgive them
They don't know you feel
Forgive them
Love, forgive them
Your wounds never heal
Forgive them
Your wounds never heal

Forgiven
They don't know you are within them, no
Love, you've withered
You feel that their hearts are bitter, oh

Hold on to us

Father, forgive them
For they know not what they do
Father, forgive them
For they know not what they do
Love, forgive them
They don't know you feel
Forgive them
Love, forgive them
Your wounds never heal
Forgive them
Your wounds never heal

Father, forgive them
For they know not what they do
Father, forgive them
For they know not what they do
Father, forgive them
For they know not what they do
Father, forgive them
We will outlive them

Love, forgive them
They don't know you feel

Forgive them
Love, forgive them
Your wounds never heal
Forgive them
Your wounds never heal

Father, forgive them
For they know not what they do
Father, forgive them
For they know not what they do
Father, forgive them
For they know not what they do
Father, forgive them
For they know not what they do
