Lord Of The Lost

I want it all and I want more  
Full Metal, Full Metal Whore  
Let's fuck and fight  
Make Love, Make War  
Full Metal, Full Metal Whore

I have no meaning  
I lost three times in a row  
Go point an shoot  
Go! And chop my arms off right now (Go!)  
And fuck my body to death (Go!)  
Sit on my face, don't let me go!  
And let choke

Baby, learn to swallow  
Baby, let it go  
Baby, I won't follow  
Now Baby, let it go!

I want it all and I want more  
Full Metal, Full Metal Whore  
Let's fuck and fight  
Make Love, Make War  
Full Metal, Full Metal Whore

Full Metal, Full Metal Whore

We loved, we lost, we go back  
To the maelstrom of hate  
I love  
Your rack my rock Rosita  
Go! I have no meaning (Go!)  
I lost three times in a row (Go!)  
Go point and shoot (Go!)

Baby, learn to swallow  
Baby, let it go  
Baby, I won't follow  
Now Baby, let it go

I want it all and I want more  
Full Metal, Full Metal Whore  
Let's fuck and fight  
Make Love, Make War  
Full Metal, Full Metal Whore

Full Metal, Full Metal Whore

I want it all and I want more  
Full Metal, Full Metal Whore
