

# The Sadness In Everything

Lord Of The Lost

The void is nigh

We all feel the hand of the reaper come on  
Truth conceals the skills of the schemers, they lie  
The void is nigh  
Someone steals if fate is the dealer, come on  
Nothing heals the faith in believer, now die  
The void is nigh

In this tragedy  
In this tragedy

In this tragedy called humanity  
Can you see the sadness hiding in everything?

The void is nigh

We're created with a grudge, and a foul and poisoned touch  
To abuse or to disguise, what will we decide?  
If tomorrow is a dream or a nightmare so obscene  
As in the chaos of now, we're all going down

In this tragedy called humanity  
Can you see the sadness hiding in everything?  
In this tragedy called humanity  
Can you see the sadness hiding in everything?

No hope for the hopeful  
No wisdom for the wise  
No truth for the truthful  
But no more ties for the tied  
Ah, the void is nigh  
Ah, the void is nigh

In this tragedy  
In this tragedy  
Can you see? Oh  
In this tragedy

In this tragedy called humanity  
Can you see the sadness hiding in everything?  
In this tragedy called humanity  
Can you see the sadness hiding in everything?
