

Your Skeleton Grin

Lord Of The Lost

Yrgna syawla era uoy
You are always angry
Yrgna syawla era uoy
You are always angry
You are always angry

You are always angry
So you don't have to feel your pain
Every night you wake from sleep
Those memories remain

You grief in the thoughts of your enemies
Hold on forever

Of stones, of mold
Your anti-soul
Stone cold, frozen within
Your skeleton grin

You have all the answers
So you don't have to ask again
All this steel protects your heart
From damage you'd sustain

You grief in the thoughts of your enemies
You grief in the thoughts of your enemies
You grief in the thoughts of your enemies
We all fuck you!

Of stones, of mold
Your anti-soul
Stone cold, frozen within
Your skeleton grin

Broken not boulder
Stroke it not fold it
Now that you live but still look at the past

Yrgna syawla era uoy
You are always angry

Of stones, of mold
Your anti-soul
Stone cold, frozen within
Your skeleton grin

Of stones, of mold
You are always angry
Frozen within
Your skeleton grin
