Mood Ring

Lorde

I’m Tryna Blow Bubbles But Inside
Can’t Seem To Fix My Mood
Today It’s As Dark As My Roots
If I Ever Let Them Grow Out
Now All Of My Oceans Have Riptides
Can’t Seem To Find What’s Wrong
The Whole World Is Letting Me Down
Don’t You Think The Early 2000s Seem So Far Away?

Ladies, Begin Your Sun Salutations
Transcendental In Your Meditations
Love And Light
You Can Burn Sage
And I’ll Cleanse The Crystals
We Can Get High
But Only If The Wind Blows
Just Right

I Can’t Feel A Thing
I Keep Looking At My Mood Ring
Tell Me How I’m Feeling
Floating Away, Floating Away

I’m Tryna Get Well From The Inside
Plants And Celebrity News
All The Vitamins I Consume
Let’s Fly Somewhere Eastern
They’ll Have What I Need

Ladies, Begin Your Sun Salutations
Pluto In Scorpio Generation
Love And Light
You Can Burn Sage
And I’ll Cleanse The Crystals
We Can Get High
But Only If The Wind Blows
Just Right

I Can’t Feel A Thing
I Keep Looking At My Mood Ring
Tell Me How I’m Feeling
Floating Away, Floating Away
All The Sad Girls Sing
We’ll Keep Dancing Til The Mood Rings
Tell Us How We’re Feeling
Floating Away, Floating Away

Take Me To Some Kinda Place
Anywhere
Watch The Sun Set
Look Back On My Life
I Just Wanna Know
Will It Be Alright?
