

Almost Human

Lordi

Aah, ha

I'm almost human, can't help feeling strange
The moon is out, I think I'm gonna change

You're so smooth and tender
A living, breathing dream
I've got to have you, baby, yeah
I'm listening for your scream

(I'm almost human) I'm almost human
(I'm almost human) Ooh-ooh

I'm almost human, baby, please don't run away
'Cause whenever you run, I'll be a scrape away

I'm very hungry
And you're what I'm thinking of
Ooh, baby, baby, baby, yeah
So hungry for your love

(I'm almost human) I'm almost human
(I'm almost human) Ow!

I'm very hungry
And you're what I'm thinkin' of
Ooh, baby, baby, baby, yeah
So hungry for your love

(I'm almost human) I'm almost human
(I'm almost human) I'm almost human
(I'm almost human) I'm almost human
(I'm almost human) I'm almost human
(I'm almost human) I'm almost human
(I'm almost human) Almost, almost, almost, almost human
(I'm almost human) I'm almost human
(I'm almost human) I'm almost human
(I'm almost human) Ow, I'm almost human
(I'm almost human) Almost, almost, almost, almost human
(I'm almost human) Wow, I'm almost human
(I'm almost human) Woah, I'm almost human
(I'm almost human) Ow, I'm almost human
(I'm almost human) Almost, almost, almost, almost
