

# Bent Outta Shape

Lordi

Promises made  
They never hold  
Lies that you state  
Will never unfold  
Your tongue is replaced  
By venomous snake breathing fire

Living a lie  
One day found out  
You still deny  
But there is no doubt  
Keep this in mind  
You're starting to piss me off now

Reaching the limits  
Exploding within minutes

I'll get bent outta shape  
Bent outta shape at you  
I'll get bent outta shape  
Bent outta shape at you

Caught in the wrong  
You won't concede  
This has gone on  
Until you believe  
Reality gone  
You swallow your own bitter pill

You won't like me  
Once I get bent  
And now it seems  
Escape came and went  
It's time that you see  
My promises always are kept

Reaching the limits  
Exploding within minutes

I'll get bent outta shape  
Bent outta shape at you  
Get bent outta shape  
Bent outta shape at you

Reaching the limits  
Exploding within minutes

Reaching the limits  
Exploding within minutes

I'll get bent outta shape  
Bent outta shape at you  
I'll get bent outta shape  
Bent outta shape at you
