

Cadaver Lover

Lordi

He wasn't found but he has a grave
She couldn't bear giving him up, ever
Not even death could stand in the way
No matter what she'd keep them together

No one could see her hide him
Her mind's at ease
She can only feel desire
For the deceased

D-E-A-D cadaver love
How can love be a bad thing?
D-E-A-D cadaver love
Is there no understanding her?

Last Friday night she went out alone
She took her tools and her cruel intentions
Her leather jacket with skull and bones
Observing prey from her dark dimension

No one can see her stalking
Her mind's at ease
She can only feel desire
For the deceased

D-E-A-D cadaver love
How can love be a bad thing?
D-E-A-D cadaver love
Is there no understanding her?

Cadaver lover, cadaver lover
She'll never love you alive
Cadaver love, cadaver love
To love her is to die

D-E-A-D cadaver love
How can love be a bad thing?
D-E-A-D cadaver love
Is there no understanding her?

D-E-A-D cadaver love
How can love be a bad thing?
D-E-A-D cadaver love
Is there no understanding her?
