

# Carnivore

Lordi

I said, if you wanna stand by your man  
I really think you should leave  
Things could get out of hand  
Oh, yes, they would

She said, baby, you don't understand  
I got a craving for meat  
Like the kind that you have

Nothing's like long pork  
Taste it just once  
I'll give you seconds for sure

Baby, you're a carnivore  
Lady, be a madonna and a whore  
Yes, you are a carnivore

No hesitation cause she's heading south  
I knew the moment was close  
She'll have me in her mouth  
Aoooo

So juicy it's dripping and there is no doubt  
The sauce has a taste of its own  
So swallow it down

Nothing's like long pork  
You've got that look  
Seems like you've done it before

Baby, you're a carnivore  
Lady, be a madonna and a whore  
Yes, you are a carnivore

The look in her eyes and I realised  
It's not a metaphor  
I felt her teeth sink into my meat  
It's her who's gonna score

Baby, you're a carnivore  
And I am a meat treat  
Lady, be a madonna and a whore  
I want you to eat me  
Baby, you're a carnivore  
So come and consume me  
Lady, be a madonna and a whore  
Yes, you are a carnivore
