

## Cast out from Heaven

Lordi

All the time he had tried to be somebody good  
Went to church, helped the poor like the penitent should  
And the priest said it's sure he'll be given sainthood

And on the day death arrived  
He got the shock of his life  
Surprise!

He's cast out from heaven  
He's cast out from heaven

What a shame  
What a shame

Saint Peter said he'll be punished for philanthropy  
His road to hell is paved with those bad good deeds  
He saved a man who went on to kill a family

And on the day death arrived  
He got the shock of his life  
Surprise

He's cast out from heaven  
He's cast out from heaven

Be gone

Be gone, hallelujah  
Be gone, oh lord  
Be gone, hallelujah  
Be gone, oh lord

Demons out  
Demons out  
Demons out  
Demons out

He's cast out from heaven  
He's cast out from heaven  
He's cast out from heaven  
He's cast out from heaven

What a shame
