

Discoevil

Lordi

Ami

Sneaking out on a Saturday night,

F

Mommy thinks you know wrong from right.

G

As you're climbing out of the window,

E

Something tells you to stop!

Ami

But the damned beat is lurning you in

F

With a promise of excess and sin.

G

You're afraid to step across the threshold,

E

But it's too late now!

Too late, oh!

It drags you in and slams you down!

Ami F G Ami

It's discoevil, toxic tones

Ami F G F

It's discoevil, grinding bones

Red, hot and steaming

G E

Sweat, blood and screaming!

Ami F G Ami

It's discoevil brutal sound,

Ami F G F

It's discoevil lethal pound,

The searing lasers,

G E

Mirror balls with razors

Ami

The discoevil, la!

Ami

On the dance floor the flesh undulates,

F

All the oil mixed with blood lubricates

G

As your body gets torn asunder

E

It's sick but it's turning you on!

Ami

You should go, but you don't wanna leave,

F

So you scream out of horror and need,

G

The duality makes you wonder.

E

It hurts like hell! Hm, oh well!

Yeah you know you'll come back again!
