

Evil

Lordi

Hidden in darkness
Are things you don't want to find
The soul corrupted
Is the blight of feeble minds

Behold the hands holding power
Only the strong remain
The innocence be devoured
With purifying pain

The snake eats its tail on

On the trail of evil
The path of blood leads straight to us
On the trail of evil

Beneath the surface
Rots the purity of heart
Full of corrosion
Putrefied by what we are

Behold the hands holding power
Only the strong remain
The innocence be devoured
With purifying pain

The snake eats its tail on

On the trail of evil
The path of blood leads straight to us
On the trail of evil

Evil
Evil
Evil

On the trail of evil
The path of blood leads straight to us
On the trail of evil

On the trail of evil
The path of blood leads straight to us
On the trail of evil
