Spasmodic '84
Electric Dinosaur
Desperado Vampire
This heavy-weight mystique
Way out of your league
I trust my vision in fire

Warp into monster disco hell Go crazy in the haze Enter the freaky race Pave the way for the grande cliche Now the monsters break their chains

It's time to get heavy
Yeah it's time to get heavy again
The powerbeat is back
The monster-squad attack

I'm the king of the night
An iron parasite
I'm walking wonder
No, I don't need no sense
'cause it's a weak defense
I'm the rider of thunder

Warp into monster disco hell Go crazy in the haze Enter the freaky race Pave the way for the grande cliche Now the monsters break their chains

It's time to get heavy
Yeah it's time to get heavy again
The powerbeat is back
The monster-squad attack
