

Goliath

Lordi

Rusty joints in metallic bones
They are screeching like rats in heat
Scratching the dirt off the concrete floor
Dry blood, fragmented meat

Loose cyborgs on a hunt
With greenish liquid stares
Self-righteous sabotage
I know who you are, be aware

All hail Goliath
Unbeatable
Cyber messiah
This time Goliath cannot fall

Grinding gears in synthetic hearts
There's no mercy or mortal fear
You're trembling there in your hidey hole
You try to disappear

Loose cyborgs on a hunt
With greenish liquid stares
Self-righteous sabotage
I know who you are, be aware

All hail Goliath
Unbeatable
Cyber messiah
This time Goliath cannot fall

Loose cyborgs on a hunt
With greenish liquid stares
Self-righteous sabotage
I know who you are, be aware

All hail Goliath
Unbeatable
Cyber messiah
This time Goliath cannot fall
All hail Goliath
Unbeatable
Cyber messiah
This time Goliath cannot fall
