

Idol

Lordi

He's the man of all men
He's dirty, he's mean, ow
Some call him the demon
And some call him Gene, yeah
He's dressed in an armour
He spits blood and fire
He's the bat-winged lizzard
Ooh, of lust and desire, ow

Idol, I wanna be like you
I wanna do what you do
You're my obsession
The idol, you're the demon in me
You're the dream that I feed
Idol, I love you too much

His face is black and white
Watch his snake-tongue roll, ow
He's the God of thunder
He rips my soul, ow, he
He conquers all the women
Gives them ride of their lives
If I only were a lady
So maybe I could have a try, yeah, ow

Idol, I wanna be like you
I wanna do what you do
You're my obsession
The idol, you're the demon in me
You're the dream that I feed
Idol, I love you too much

He conquers all the women
Gives them ride of their lives
If I only were a lady
So maybe I could have a try, yeah

Idol, I wanna be like you
I wanna do what you do
You're my obsession
The idol, you're the demon in me
You're the dream that I feed
Idol, I love you
Idol, I wanna be like you
I wanna do what you do
You're my obsession
The idol, you're the demon in me
You're the dream that I feed
Idol, I love you too much
