

Maximum-O-Lovin'

Lordi

You think you are running away
You know I need you to stay
You've gone and ruined the game
Here comes a lesson in pain

Maximum-o-lovin'
Maximum rough as a bear
Maximum-o-lovin'
Your screams will fill the air

I see the fear in your face
And so it's best if I set you straight
You make me caveman insane
My love-club's swinging your way

Maximum-o-lovin', maximum...

I grab you by the waist
It's time to see how you taste
Screams of pleasure fill the air
I hold you down by your hair

Maximum-o-lovin'
Maximum rough as a bear
Maximum-o-lovin'
Your screams will fill the air

Maximum-o-lovin'
Here I come, rough as a bear
Maximum-o-lovin'
Maximum, too much to bear
