

Pinball Machine

Lordi

Like an earthquake and a hurricane
Super ramps lights flash
I'm the player who shall shoot again
Exploding through the back glass

Jackpots keep on coming my way
Against me you will lose if you play
Lose if you play

Pinball machine
I'm gonna bang you like a pinball machine
Between the bumpers, pinball machine
Banging the bumpers on your pinball machine

I hit your spinner, you're an easy score
The captive ball breaks loose
Drop your targets, demon multi ball
Skill shot up in your scoop

I am a wizard with my Freddy's claw save
Kick save again and I'm back in the game
Back in the game

Pinball machine
I'm gonna bang you like a pinball machine
Between the bumpers, pinball machine
Banging the bumpers on your pinball machine

Pinball machine
I'm gonna bang you like a pinball machine
Between the bumpers, pinball machine
I'm gonna bang you like a pinball machine

Pinball machine
I'm gonna bang you like a pinball machine
Pinball machine
I'm gonna bang you like a pinball machine
