

# Playing The Devil

Lordi

Hello, I am me, who the hell are you?  
See my eyes glow in a gloom?  
I'm telling you there's an evil inside  
Yeah, creating a fuss of me  
Infernal debauchery

When power burns alive  
Raging at the skies  
That's when the monstermen arrive

I am above it all  
Watching the others fall  
I'm calling myself a juggernaut  
Becoming more than a man  
One hell of a man I am

But I would feel alive  
If I could take her life  
See my demon in her eye

Playing the devil  
Stronger than ever  
Bend over and pray the Lord

Playing the devil  
Stronger than ever  
Bend over and pray the Lord

I don't have a thing to say  
Once you have power you don't need brains  
Just need a reason to go insane  
Distinctive as I am  
Exposing you my demon fangs

When power burns alive  
Raging at the skies  
That's when the monstermen arrive

Playing the devil  
Stronger than ever  
Bend over and pray the Lord

Playing the devil  
Stronger than ever  
Bend over and pray the Lord

I'm the man of the most dangerous kind  
Scratching the soul  
Raping your mind  
I would feel alive

Playing the devil  
Stronger than ever  
Bend over and pray the Lord

Playing the devil  
Stronger than ever

Bend over and pray the Lord

Pray the Lord!

Pray the Lord!
