

Shake the Baby Silent

Lordi

Yeah, I'm the shiver running down your spine
Car crash massacred lady
Beat the f*cker up like in the olden times
I am the scorpion preying
Yeah, I'm the blackboard and fingernails
Canoe on the river to Hades

She's got fresh meat up for sale
I'll give your children rabies

Shake the baby
Shake the baby
Shake the baby silent

Shake the baby
Shake the baby
Shake the baby silent

Torturing chewing on tinfoil gum
Crowbar meets the jawbone
Killing a seal with my bloody club
Gremlin in the micro
Next door neighbor has been found

Ralph is rotting through the sofa

Roadkill, roadkill freshly ground
"Sir, you want some piss in your mocha?"

Shake the baby
Shake the baby
Shake the baby silent

Shake the baby
Shake the baby
Shake the baby silent

Shake the baby
Shake the baby
Shake the baby silent

Shake the baby
Shake the baby
Shake the baby silent

Shake the baby
Shake the baby
Shake the baby silent

Shake the baby
Shake the baby
Shake the baby silent
