

# Sir, Mr. Presideath, Sir!

Lordi

The air is thick with the anticipation  
The children waving flags  
Today is gonna be the best day of their lives  
We all know the world is full of evil  
He keeps us safe day and night  
For our leader we are more than happy to die

Red carpet  
He's truly here  
Attention!  
Salute with eyes in tears

Sir, Mr. Presideath, sir!  
Sir, Mr. Presideath, sir!  
Sir, Mr. Presideath, sir!

We all love you so

We are lucky to be born and raised here  
Better than Shangri-La  
Hey citizen! Just toe the line and you'll go far  
Our leader's giving you all your opinions  
Cause he knows what is best  
Decent is dealt with by removal of your heads

Red carpet  
He's truly here  
Attention!  
Salute with eyes in tears

Sir, Mr. Presideath, sir!  
Sir, Mr. Presideath, sir!  
Sir, Mr. Presideath, sir!

We all love you so

The whole world loves ya

The whole world loves ya

We all know what we've been told  
Our leader's heart is made of gold  
He kills babies when they cry  
They sound annoying and that's why  
He kills kittens, that's a fact  
We must be better off like that  
We don't question life this way  
We never have to use our brains

Red carpet  
He's truly here  
Attention!  
Salute with eyes in tears

Sir, Mr. Presideath, sir!  
Sir, Mr. Presideath, sir!
