

# Terror Extra-Terrestrial

Lordi

Night stars - deceiving  
They are pretty like you  
Moonlight's revealing  
Dark signs I put on you

Snake eyes reveal my mirth  
My kind's not from this earth

Terror  
Extra-terrestrial  
Terror  
Extra-terrestrial  
I'm from another realm  
Far beyond your sun  
I will overwhelm you Terran scum

My stare - hypnotic  
In there everything's great  
My touch - electric  
So stunned and it's too late

Snake eyes to steal your will  
My kind comes here to kill

Terror  
Extra-terrestrial  
Terror  
Extra-terrestrial  
I'm from another realm  
Far beyond your sun  
I will overwhelm you Terran scum

Terror  
Extra-terrestrial  
Terror  
Extra-terrestrial  
I'm from another realm  
Far beyond your sun  
I will overwhelm you Terran scum
