

The Unholy Gathering

Lordi

A house deep in the woods
Covered in haze
Bats caught in spiderwebs
A witches place

A table made of bones
A banquet laid - Waiting

There are the four of them
One for each race
The ancient boogiemens
Stuck in their ways

Not one will compromise
No losing face - Standing

The great Demonarchy
The unholy gathering
The great Demonarchy
Their welcome is wearing thin
The ends closing in

Bloodsucker and the Witch
Have their disputes
The Wolf and the Undead
Have issues too
This dinner has been called
To hash it through - Barely

The great Demonarchy
The unholy gathering
The great Demonarchy
Their welcome is wearing thin
The ends closing in

"I'm the chairman of this board"
Said the vampire in a rage
"There will be order in this board
Or damnit there's hell to pay"

Submit, submit, submit, submit

The Wolf's bidding her time
The Witch sharpens her knife

The great Demonarchy
The unholy gathering
The great Demonarchy
Their welcome is wearing thin
The ends closing in

There on the clearing's edge
Wanders a child
His sister Lizzy's lost
Out in the wild
He hopes that she's okay
He fears she's not

He's calling out her name
It's all for naught
"Lizzy, Lizzy, Lizzy..."
Lizzy, Lizzy..."
