

## Echoes

Loreen

We're just like echoes, we're just like stars in the night  
We could be light years apart, but we will always collide  
We're just like mirrors, where your reflection is mine  
I know the beat of your heart, we're just like echoes apart  
Ah, ah-ah-ah  
Ah, ah-ah-ah  
Like echoes apart  
Ah, ah-ah-ah  
Ah, ah-ah-ah  
We're just like echoes

Come take, take my hand  
You're scared, trust me, I understand  
Drawing made of stars  
In case we forget who we are

So give me all your fears  
In the dark we save our tears  
We only have a moment  
Just hold on tight for one more night

We're just like echoes, we're just like stars in the night  
We could be light years apart, but we will always collide  
We're just like mirrors, where your reflection is mine  
I know the beat of your heart, we're just like echoes apart  
Ah, ah-ah-ah  
Ah, ah-ah-ah  
Like echoes apart  
Ah, ah-ah-ah  
Ah, ah-ah-ah

We're just like echoes, we're just like stars in the night  
We could be light years apart, but we will always collide  
We're just like mirrors, where your reflection is mine  
I know the beat of your heart, we're just like echoes, echoes
