

## Is It Love

Loreen

You'll find me in the echo of the dark  
Working on the riddle of your heart  
Lost you in a maze, now let me out  
Is it love, is it love, is it love?

Without a warning  
Without a sign  
Will you call me  
Or will you hide?  
There's a shadow  
In my mind  
How do I know it?  
Is it love?

Tell me where in your heart am I now?  
Is it love, is it love, is it love?  
Tell me what do you feel in the night?  
Is it love, is it love, is it love?  
Is it love, is it love?  
Tell me how do you sleep when I'm not by your side?  
Is it love, is it love, is it love?

You'll find me in the middle of the sea  
Drowning in the words that we don't speak  
Bring me out, don't leave me in the deep  
Is it love, is it love, is it love?

Without a warning  
Without a sign  
Will you call me  
Or will you hide?  
There's a shadow  
Oh, in my mind  
How do I know it?  
Is it love?

Tell me where in your heart am I now?  
Is it love, is it love, is it love?  
Tell me what do you feel in the night?  
Is it love, is it love, is it love?  
Is it love, is it love?  
Tell me how do you sleep when I'm not by your side?  
Is it love, is it love, is it love?
