

Wildfire

Loreen

I drive fast cars, I drive fast
I, I drive, I, I, I, I, I drive fast
I, I drive, I, I, I, I, I drive fast
I, I drive, I, I, I, I, I drive fast
I drive, I, I, I, I-

Somewhere deep in passion
Heaven's just right here
Lights out just imagine, body heat

We can stay all night
Put your face on mine
Take a taste of light
Babe, don't wait, come by

Dance the pain away, wildfire
Come my way, my way, while I'm on fire
Dance the pain away, wildfire
Come my way, my way, come my way, my way
Dance the pain away, wildfire
Come my way, my way, while I'm on fire
Dance the pain away, wildfire
Come my way, my way, while I'm on fire

(I, I, I, I, I drive fast)
(I, I, I drive-) Wildfire
(I, I, I, I, I drive fast)
(I, I, I drive-) Wildfire
(I, I, I, I, I drive fast)
(I, I, I drive-) Wildfire
(I, I, I, I, I drive fast)
(I, I, I drive-) Wildfire
(I, I, I-)

Press your love against me
Burning just below
Craving for a blessing
Hot and slow

We can stay all night
Put your face on mine
Take a taste of light
Babe, don't wait, come bite

Dance the pain away, wildfire
Come my way, my way, while I'm on fire
Dance the pain away, wildfire
Come my way, my way, come my way, my way
Dance the pain away, wildfire
Come my way, my way, while I'm on fire
Dance the pain away, wildfire
Come my way, my way, while I'm on fire

(I, I, I, I, I drive fast)
(I, I, I drive-) Wildfire
(I, I, I, I, I drive fast)
(I, I, I drive-) Fire

(I, I, I, I, I drive fast)
(I, I, I drive-) Wildfire
(I, I, I, I, I drive fast)
(I, I, I drive-) Wildfire
(I, I, I-)
(I, I, I, I, I drive fast)
(I, I, I drive-) Oh, wildfire
(I, I, I, I, I drive fast)
(I, I, I drive-) Wildfire
(I, I, I, I, I drive fast)
(I, I, I drive-) Oh, wildfire
(I, I, I, I, I drive fast)
(I, I, I drive-) Fire
