

Cake

Loren Gray

Mmm-mmm

Mmm-mmm (Think, think, think)

Yeah

Talk like you know everything

Your way is the only way it's gotta be

No, I'm not your property (Yeah)

Not your baby, don't be acting fatherly (Mmm)

Your voice your favorite sound

Opinions always too loud

I bet you think you'll change my mind (My mind)

But I ain't worried if you don't like it

Ain't gonna feel bad about it now

I'ma bake a cake and eat the whole damn thing

Taste way better when I don't care what you think

I'ma do my thing-thing (Thing-thing, thing-thing)

Don't care what you think-think (Think-think, think-think)

I'ma stay up late and wake up where I want

If you try to call me, no, I won't pick up

I'ma let it ring-ring (Ring-ring, ring-ring)

Don't care what you think-think (Think-think, think-think)

Walk like you know where to go

Even when you're walking with your eyes closed

Words cut like they criminal (Yeah)

Why you always happy when I'm miserable? (Mmm)

Your voice your favorite sound

Opinions always too loud

I bet you think you'll change my mind (My mind)

But I ain't worried if you don't like it

Ain't gonna feel bad about it now

I'ma bake a cake and eat the whole damn thing

Taste way better when I don't care what you think

I'ma do my thing-thing (Thing-thing, thing-thing)

Don't care what you think-think (Think-think, think-think)

I'ma stay up late and wake up where I want

If you try to call me, no, I won't pick up

I'ma let it ring-ring (Ring-ring, ring-ring)

Don't care what you think-think (Think-think, think-think)

I'ma do my thing

I'ma, I'ma, I'ma do my thing, yeah

I'ma do, I'ma do, I'ma do my thing-thing

Thing-thing, thing-thing

Hey, hey, hey, hey, hey-hey

Hey, hey-hey, hey

Hey, hey, hey, hey, hey-hey

Hey, hey-hey, hey
