

## Takes 2

Loren Gray

It takes two to tango  
Clothes off, now we're tangled up  
In my room, every angle  
'Cause you taste like the devil, but you look like an angel

Boy, you got me  
From the second that you walked in  
Won't you show me  
What you do when no one's watching?  
Like you told me  
Will you close the door and lock it behind you?

I know that it's common sense  
To hold on to my innocence  
But I, I-I-I  
Yeah, I know that you're bad for me  
But you're the kind of bad I need  
I-I, I-I-I

It takes two to tango  
Clothes off, now we're tangled up  
In my room, every angle  
Boy, you taste like the devil, but you look like an angel

Woah, es adicta a lo ilegal  
Oh, oh, se vino al lado del mal  
Oh-oh-oh, no quiere un niño bueno (No)  
Quiere el tóxico veneno  
Se subió a un carro sin frenos (Guau)  
Soy el vato loco de tus sueño'  
Uh-la, uh-la-la, chula  
Mexicano para una extranjera  
Dale sin miedo, que tu mamá no se entera  
Quiero contactarle una de las noches entera' (Ajá)  
Uh-la, uh-la, uh-la-la  
What a beautiful girl, why you call on him?  
Le invité un tequila y se fue conmigo  
No quiere novio, quiere sexo conmigo

It takes two to tango  
Clothes off, now I'm tangled  
Up in my room, every angle  
Boy, you taste like a devil, but you look like an angel

I know that it's common sense  
To hold on to my innocence  
But I, I-I-I  
Yeah, I know that you're bad for me  
But you're the kind of bad I need  
I-I, I-I-I

It takes two to tango  
Clothes off, now we're tangled up  
In my room, every angle  
Boy, you taste like the devil, but you look like an angel
