## Heart Don't Do This to Me

## **Loretta Lynn**

He's got you all flooded and drownded by is show,
I turnd my head and watched you fall right into his arms,
The last time you got broken now did'n we agree,
I know you remembered all the agony

Heart don't do this to me, heart for once think of me, How many times have we been steped on, Heart don't do this to me your ya own worst enamey Oh heart don't you do this to me

Heart if your not carefull you'll fall in love again, Once he's got you on his side he knows that I'll give in, Don't listen to those sweet things he whispers in your ear, Cus lately you'll be leaving every thing you hear,

Heart don't do this to me, heart for once think of me, How many times have we been steped on, Heart don't do this to me your ya own worst enamey Oh heart don't you do this to me
