

I Wonder If You Told Her About Me

Loretta Lynn

Hello, oh hello, fancy meetin' you
The girl you have with you sure looks sweet
But she don't know I'm talking to my old used to be
And I wonder if you told her
Yes, I wonder if you told her about me.

It sure is good to see you, it's been a long, long time
Don't think I'm foolish if I cry
But I just can't hide the power of so many memories
And I wonder if you told her
Yes, I wonder if you told her about me.

But I can see she loves you and you can see it too
She's got you on her mind constantly
But she don't know the reason why you set me free
And I wonder if you told her
Yes, I wonder if you told her about me.

The party's almost over but let me say before I'd go
I'm glad at last you found your destiny
I told her that I love her and held her tenderly
And I wonder if you told her
Yes, I wonder if you told her about me...
