

My Love's Not A One Night Thing

Loretta Lynn

I've never wanted you more than right now
Just a way to love you, you're showing me how
But if I surrender what lovin' you bring
I believe in forever, my love's not a one-night thing

You say that you need me and I wish I knew
If I drop my defense, would I end up a fool?
Be honest and tell me what lovin' you need
Can I count on tomorrow? My love's not a one-night thing

Promise that you'll stay past the morning
Give me a reason to believe
Though I've got to have you
My darling, my love's not a one-night thing

Promise that you'll stay past the morning
Give me a reason to believe
Though I've got to have you
My darling, my love's not a one-night thing

My love's not a one-night thing
