

# Right In The Palm Of Your Hand

Loretta Lynn

A willin' woman a willin' man  
A five room house and a wedding band  
Believers believers  
Once it begins you know it don't take long  
Till you're like two people in a heartbreak song  
And I wonder I wonder

Ain't it just like a woman  
Yeah and ain't it just like a man  
Chasin' a rainbow lookin' for love  
When it's right in the palm of your hand

We can't take back those things we said  
So we watch it pass in separate beds we're  
Changin' we're changin'  
Too little love and too much pride  
You won't give in and neither will lie  
We're like children children

Ain't it just like a woman  
Yeah and ain't it just like a man  
Chasin' a rainbow lookin' for love  
When it's right in the palm of your hand

Feet on the floor holdin' my head  
Sittin' alone on the edge of bed  
I been thinking thinking  
Tryin' to find where we went wrong  
I just turned around Lord and you were gone  
And it's over oh it's over

Ain't it just like a woman  
Yeah and ain't it just like a man  
Chasin' a rainbow lookin' for love  
When it's right in the palm of your hand

Ain't it just like a woman  
Yeah and ain't it just like a man  
Chasin' a rainbow lookin' for love  
When it's right in the palm of your hand  
Right in the palm of your hand  
Right in the palm of your hand
